

**Wicks Unlimited your Global Leader**  
For All of Your Candle Combustion Needs

## 6.0 mm Standard Neck Sustainers

Wicks Unlimited manufactures and supplies six (6) unique 6.0 mm standard neck metal wick sustainers that enable candle manufacturers to create tabbed wicks from waxed wick on reels. Standard neck 6.0 mm candle sustainers are available with 15.0 mm or 20.0 mm base diameter(s) for easy gluing. Often found in pillar and container candle systems, 6.0 mm sustainers are available with either puncture or non-puncture crimping. Wicks Unlimited best-selling metal candle sustainers with puncture crimping enable manufacturers to develop candles that consume all the fuel (wax) at the end of life. Alternatively, sustainers with non-puncture crimping will extinguish the flame as soon as it reaches the top of the neck and leaves unconsumed wax at the end of life. All of Wicks Unlimited metal candle

sustainers, including 6.0 mm sustainers, are manufactured from the highest quality .010" (0.254 mm) thick tin-coated steel that helps inhibit corrosion caused by fragrance and essential oils and are preferred by candle manufacturers worldwide.

### Features:

- U.S.-based manufacturer & supplier of metal candle sustainers.
- Select from five (6) 6.0 mm standard neck metal sustainers with either a 15.0 mm or 20.0 mm base diameter to create tabbed wicks from waxed wick on reels.
- 6.0 mm sustainers are available with either puncture or non-puncture crimping.
- Wicks Unlimited's best-selling metal sustainers with puncture crimping enable manufacturers to develop candles that consume all the fuel (wax) at the end of life.
- Sustainers with non-puncture crimping will extinguish the flame as soon as it reaches the top of the neck and leaves unconsumed fuel (wax) at the end of life.
- Patented crimping tool exerts more pressure on the wick core without shearing the fibers, ensuring a solid crimp every time and preventing the wick from pulling out.
- The crimp will meet or exceed all standard operating requirements for crimp hold.
- Manufactured from the highest quality .010" (0.254 mm) thick tin-coated steel to inhibit corrosion caused by fragrance and essential oils.
- Wicks Unlimited's sustainers are accredited by the Quality Association for Candles and adhere to strict quality standards thanks to ISO: 9001:2015 certified quality management systems and state-of-the-art equipment.

#### Non-Puncture Sustainers

Sustainer	Base Diameter	Overall Height	Hole Diameter
A3792	15.0 mm .590"	6.0 mm .236"	2.4 mm .094"
A3779	15.0 mm .590"	6.0 mm .236"	3.0 mm .118"
A3957	20.0 mm .788"	6.0 mm .236"	2.1 mm .083"
A3797	20.0 mm .788"	6.0 mm .236"	2.4 mm .094"
A3796	20.0 mm .788"	6.0 mm .236"	3.0 mm .118"
A3881	20.0 mm .788"	6.0 mm .236"	4.1 mm .160"
